

How to Start a NHW Group

- ⇒ Contact your neighbors and pick a date for an informational first meeting. Most meetings are held at 7 p.m., Monday through Wednesday, in a neighborhood home.
- ⇒ Confirm the date with the Crime Prevention Coordinator at the Department. You can request invitations to send to your neighborhood about the meeting.
- ⇒ At the initial meeting, the NHW program and an overview of crime in Edina will be discussed, and crime prevention information will be distributed.
- ⇒ If your neighborhood participates in the program, two yellow NHW signs will be placed in your neighborhood and window decals will be distributed.
